

EATON DETROIT COIL SPRINGS

DETROIT SPRING, INC.

**Designed from
original GM blueprints**

Simply stated EATON Detroit Spring, who has been manufacturing springs to OE specs since 1937, is the only source for the correct springs.

From Eaton Detroit Spring, the company that brought you OE-design leaf springs, comes coil springs that are more than a replacement! These new OE-spec coil springs are designed from the original GM blueprints to exact ride heights and tensions. There are 21 individual Camaro applications, and each one is unique, thus eliminating the combining of similar springs into one part number you may find with replacement springs.
